

Zippers

We manufacture a complete line of metal, polyester coil (nylon) and moulded zippers. These are available in numerous types for use in clothing, luggage, furniture and speciality applications.

Closed End

**Back to Back
(8-Type)**

**Back to Back
(X-Type)**

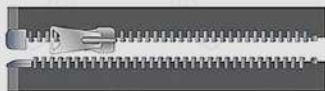

**Head to Head
(O-Type)**

Slider side

Right-Side Slider
(Left hand insert)

Left-Side Slider
(Right hand insert)

These functions are employed depending on use. There are various kinds of zippers which have functions other than these.

Open ended zippers are normally “right-insert” with the insert pin on the wearer’s right. However, we can customize the zippers based on order.
